Open Land Registry Data

It is now possible for your digital Parish map to show all registered land within the parish boundary!

Uses

» With the data in **PT-Mapper Pro** you are able to **clearly see all registered and unregistered land.**

» It can be overlaid onto any of your current Town or Parish Maps.

» You can easily view the boundaries between titles helping to **solve boundary disputes**.

» Makes **plotting Council owned land** much easier, reducing the need for complex map operations.

» Each 'polygon' or boundary comes with an **identifying number** which can be used to search the **Land Registry website** where you can purchase and download the documentation related to the registered land.

» Makes **locating any unregistered council land** extremely easy.

» When combined with our mapping software you will have all the tools you need to **send land title application maps** to the Land Registry.

Pricing

Only **£75 + VAT** to add the **FREE** data to your map.

Process to obtain digital map data

Simply email us at info@peartechnology.co.uk or call us on 02392 499689 and we can cut out the data for you and email it across.
